A hand-drawn illustration of the United States flag, featuring stars in the upper left corner and red and white horizontal stripes. The text is integrated into the design, with 'Patriots' and 'CLASS' on the white stripes and '2005 2006' on the red stripes.

# ADMINISTRATION

Timothy Neville  
Principal

"Well done Class of 2010! As you move on to the high school, remember the lessons you learned at JFK. Be true to yourself. Work up to your potential. Get involved. Give something back! Following these lessons will guarantee your future success. You've been a great class. Make your parents and your JFK teachers proud at the high school."

John Coleman  
Housemaster-White House

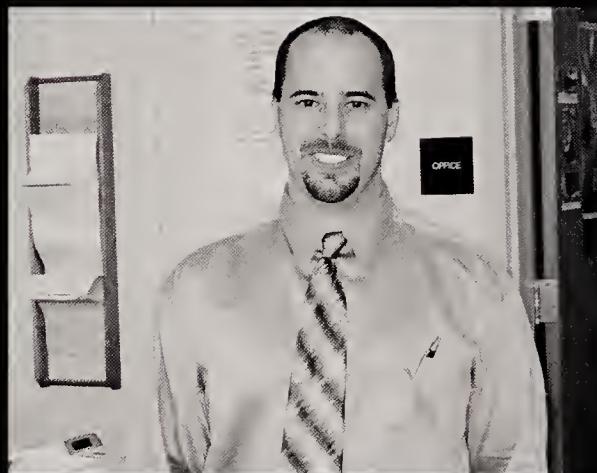

"Congratulations to the Class of 2010! My advice to you as you enter high school is to continue to study and absorb as much knowledge as you can. Ask questions. Be curious about the world. The more you learn, the better you will know yourself and what interests you and motivates you. Then, I believe, you will be better prepared to make choices regarding the life you wish to build, the career to which you aspire, and the areas to which you want to direct your energies. Invest yourself into your education so you will be able to pursue life with purpose and enthusiasm."

Sarah Collins  
Housemaster-Red House

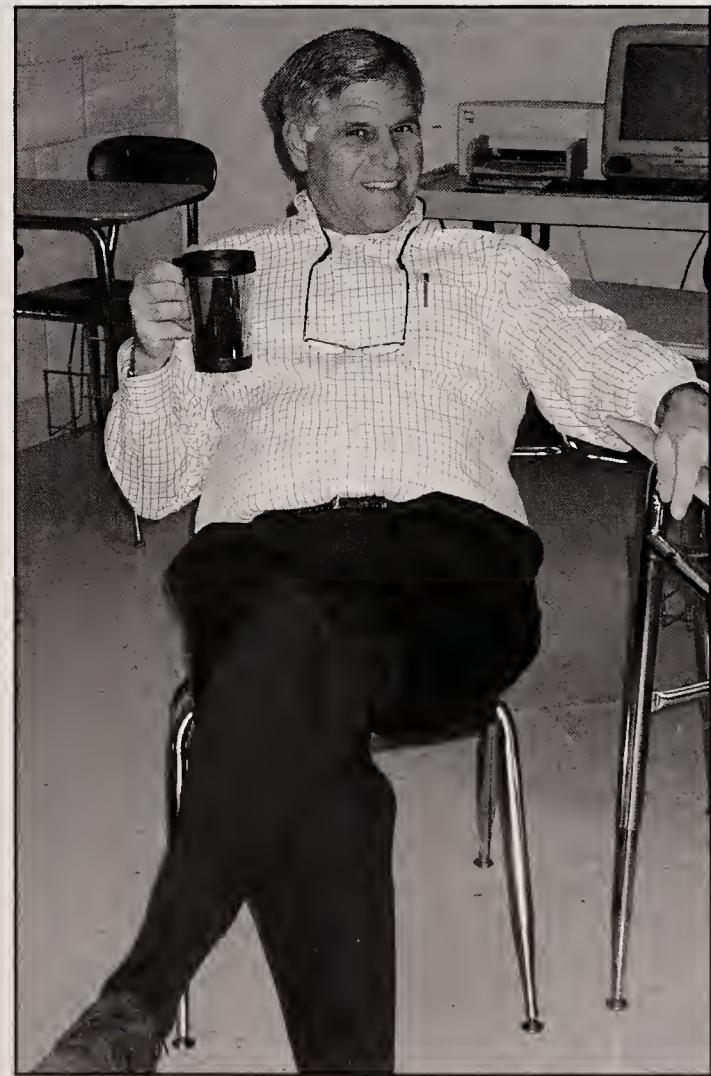

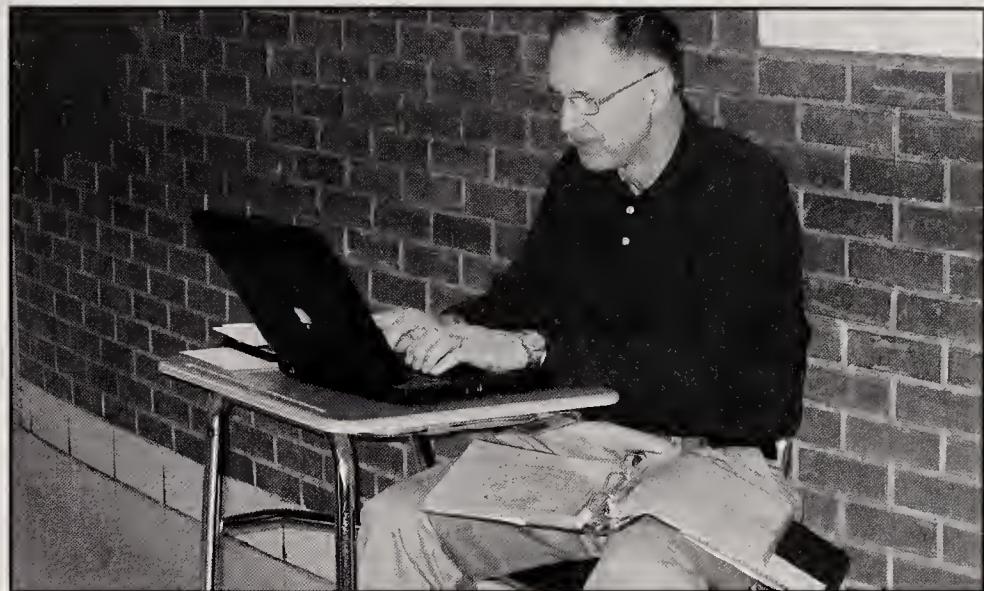

"To the Class of 2010: As you go on to high school, remember to always try your best, that's the most we can ask of you. Seek out friends who will help you succeed. Stay focused on your goal.... whether that's college or something else. To quote Dr. Seuss: 'You'll move mountains!' So, get moving! And good luck!"

Andrew Longey  
Housemaster-Blue House

"It is important to keep in mind that hard work will always have a positive impact in your life. A strong work ethic will overcome many deficiencies students may have. No matter what struggles are in your life working hard can overcome those challenges. In addition to hard work, it is critical to have a positive attitude. Life is too short not to focus on the positive things in life. Anyone can go through life complaining about the rotten things, but a truly positive person can find something special in all situations. I wish the 8th grade class the best of luck in the future."

# FACS

The FACS program provides practical knowledge, to help students make sound decisions that contribute to healthy productive lives. FACS students acquire life skills through the use of hands-on experiences.

The FACS curriculum includes Foods and Nutrition, Personal Development, and Sewing. Consumerism, decision-making, and wellness are emphasized. In addition, academic area skills such as math and literacy are integrated throughout.

# Sports

# Cross Country

## Coach Zawodniak

"Despite many obstacles, the biggest of which were intolerable weather and injuries, the team was successful during the regular season. The boys were 15 and 4 while the girls were 17 and 2. This is impressive considering what we had to endure as a team. But the greatest achievement, more so than wins and losses, was their improvement in their race times. For this, I am extremely proud."

## Coach LaVallee

"Both of the field hockey teams had very successful seasons this year. The teams improved their skills, had fun, and improved their scoring and winning percentage over last year. The team returned thirteen players from last year's squad who provided leadership and experience."

# Field Hockey
